#### **History**

Begun twelve years ago with the desire to serve the young women in the locality, Wavoo Wajeeha Women's College has grown in strength and is grounded in its conviction that a women's greatest asset is her education. With excellence as its target, quality as its policy and service to the marginalized as its mission, the college is dedicated to the empowerment of women through quality education and the uplift of the underprivileged with monetary and psychological support.

Education is the key for women to achieve economic independence. Although women in the majority of countries have the right to educate women, equal access to education for women still remains a problem.
