Ahmed Ishaque, Honorable Members of our Trust, Beloved Director Dr. Mercy Henry, our well-wishers, dedicated members of the teaching and non-teaching staff and my dear students.

Conscious of the hand of God in all our achievements and the joy of having risen to the challenges of the past year successfully, I am here to present to you a brief report of the landmarks of our progress during the academic year 2021-2022

History

Begun twelve years ago with the desire to serve the young women in the locality, WavooWajeeha Women's College has grown in strength and is grounded in its conviction that a women's greatest asset is her education. Consequently all activities of our college are geared towards the total liberation and development of the whole person of its beneficiaries. With excellence as its target, quality as its policy and service to the marginalized as its mission, the college is dedicated to the empowerment of women through quality education and the uplift of the underprivileged with monetary and psychological support.

Education is the key for women to achieve economic independence. Although women in the majority of countries have the right to get education, equal access to education for women still remains a problem.

For the women who are struggling to access education, and for those who want to end educational inequality, WavooWajeeha Women's College emerged as a diamond to the students of this locality.

At this point I must honor our Founder President AlhajWavoo S. SeyedAbdurRahman who emerged as a man of the masses and the voice of the voiceless. His cascading spirit holds intelligence promises and hopes to women's education.

What was planted as a sapling in the year 2006 with the strength of 124 students and 12 staff now grown out as a banyan tree with the strength of 1,215 students and 67 teaching and 46 non-teaching staff members in May 2022. As a Principal of this college, I'm proud to state that so far 3916 students were graduated from this institution till date.
