Organized by,

DEPARTMENT OF ECONOMICS

BRIDGE COURSE REPORT

The Economics Department organized a bridge course for first-year students from 19.06.2018 to 27.06.2018. Bridge course is a type of educational program that helps students transition from one educational level to another. For example, a bridge course might help a student transition from high school to college, the course was held in the Economics Department classroom, which was made available for this purpose.

In the morning session of the bridge course, the participant has attended Basic Communication in English which was conducted by English department. In the afternoon session economics department handled the bridge course, utilizing a syllabus and timetable specially. These classes covered various topics related to economics, including demand and supply, types of budgets, planning, economic growth, and development. Throughout the course, students benefited from the expertise and guidance of the department's staff. The classes were conducted in an interactive manner, fostering student engagement and encouraging active participation.
