Institution

Wavoo Wajeeha Women's College came into existence in the year 2006-07 with the mission of offering quality education to rural women. It had a modest beginning with graduate programs. In due course of time our college has started showing its mark of excellence in various fields and thereby it has earned an enviable reputation. At present the college offers 9 graduate and 3 post graduate programs. The college was started by Philanthropist Alhaj Wavoo. S.Seyed Abdur Rahman who, through his tireless social service for the sake of community, has won the admiration and respect of all, thanks to his dedicated services.

Department of Business Administration

Department of Business Administration was started in the academic year 2007-2008. The Business Administration program aims at developing the students' intellectual ability, independent thinking, executive personality and managerial skills by providing them with a quality management education in order to enable them to participate and to gain success in the rapidly changing, interdependent and competitive business world. Our department encourages and promotes entrepreneurship skills among the students and helps them to conduct experiments with novel ideas of business initiatives.

About the Workshop

Where did traditional advertising go wrong?

Modern-day reality is that traditional advertising, based mainly on interrupting entertainment with a one-way sales spiel, no longer works for a large chunk of society. Consumers have no interest in pushy, buy-me messages, and with so many other entertainment options at their fingertips, they simply tune out or switch over when the ad cuts in. Tiresome advert slots and the accompanying decrease in television quality have pushed many audiovisual consumers over to the internet and social media. So now here we are focusing on workshop for today's marketer- "Advertising in digital era".

Guest of Honor

Mr. Praveen Kumar with 13+ years of experience in Digital Marketing, Praveen heads Wild Creek Web Studio Pvt Ltd, a company he started in 2009.

He has a post-graduation in Internet Technologies from the University of Luton (now University of Bedfordshire), England. He has worked with companies like Sulekha.com and Sify.com handling key websites for them before starting Wild Creek Web Studio in 2009. Having worked with over 100+ clients in the last few years, Praveen is one of the renowned Digital Marketeer in Chennai.
